

Community Celebrates Thunder Over Louisville

On April 18, the 26th annual [Thunder Over Louisville](#) celebration officially kicked off the Kentucky Derby Festival – two weeks with 70 events for everyone in the family as well as the always popular airshow. Keeping with this year's theme, Boom with a View, the show was heart-pounding with fireworks and a soundtrack featuring top hits from the past year.

The air show also included both military and civilian air acts. One of the highlights included America's "Ambassadors in Blue," the [U.S.A.F. Thunderbirds](#). The [Kentucky Air National Guard](#) returned with their C-130 aircraft, and several teams performed demonstrations, including the U.S. Army's official aerial team, the [Golden Knights](#), and the U.S. Marines Harrier demo team. Other acts in this year's line-up included [Kate Kyer Aerobatics](#), the [Trojan Horsemen](#) and [Bill Leff Nightshow](#).

As a sponsor, Meijer is proud to support this community event, helping to keep the show free to the public, which was attended by 650,000 area-residents this year.
