

The world's only rock & roll nutrition show, ***Jump with Jill***, is poised to once again rock schools across the Midwest this spring thanks to the efforts of the **Produce for Kids** campaign hosted by Meijer. The fall campaign raised enough funds to provide the school assemblies at no cost to 25 schools this spring in Detroit, Lansing, Milwaukee and Columbus.

"Our partnership with Produce for Kids allows us to better educate our customers about the importance of making healthy food choices," **Meijer Healthy Living Advisor Melissa Hehmann** said. "We're extending the reach of Meijer Health and Wellness initiatives by supporting *Jump with Jill* and its mission to educate kids about good nutrition."
