

The ***Jump with Jill Live Tour Presented by Meijer*** kicked off its fall assemblies this week in Indianapolis. The world's only rock & roll nutrition show will visit 25 schools at no cost in Indianapolis, Milwaukee, Detroit and Lansing, thanks to the efforts of the **Produce for Kids** campaign hosted by Meijer earlier this year.

"Our partnership with Produce for Kids allows us to better educate our customers about the importance of making healthy food choices," **Meijer Healthy Living Advisor Melissa Hehmann** said. "We're extending the reach of [Meijer Health and Wellness](#) initiatives by supporting *Jump with Jill* and its mission to educate kids about good nutrition."

Jump with Jill approaches nutrition education with catchy songs and upbeat dance moves to engage kids on the subject of health.
