

Earth Day 50th Anniversary

Meijer believes environmental stewardship is an important part of enhancing lives in the communities we serve. And, today, on the 50th anniversary of the first observance of **Earth Day**, it's more important than ever to care for our planet.

Fred Meijer spoke at the first Earth Day celebration in Grand Rapids on April 22, 1970, and ever since, our company has been working to be good environmental stewards.

Please see the corresponding image to learn how Meijer evolved alongside Earth Day over the past 50 years.
