

Get your LEGO® bricks ready. The **Grand Rapids Public Museum** (GRPM) in collaboration with Meijer announced today that it's now accepting entries for the "*Meijer Dream it, Build it* Building Contest" – a contest with LEGO® bricks. The contest is open now through June 7, and promises to engage the public in creativity, architecture and art using the LEGO® brick as a medium.

The *Meijer Dream it, Build it* Building Contest is looking for participants to create their best, original LEGO® brick creation consisting entirely of LEGO® Duplo, Megablocks, or other LEGO®-compatible plastic bricks or related pieces. The entry must be photographed, and photographs must be emailed to the GRPM.
