

The **Jump with Jill Live Tour presented by Meijer** made a stop at the Ohio State Fair to celebrate Meijer Day. With catchy music, dance moves and hip outfits, the duo help made learning about nutrition fun. The team hung out in the “Meijer in Motion” trailer where fair-goers could fuel up on fresh produce and re-energize throughout the day.

One of our goals at Meijer is to help take care of our customers, team members and the community through various health and wellness initiatives, including our partnership with Jump with Jill. Check out this [backstage pass](#) for an inside look at the event.
