Partnering with Local Marysville School District

One way Meijer supports the communities we serve is by partnering with local schools. Recently, Meijer donated $25,000 to **Marysville Schools** to help support the creation of state-of-the-art learning labs for the school's STEM learning program. Meijer is new to the community and wanted to thank Marysville for the warm welcome.

We support Marysville Schools' mission to provide educational opportunities for students of all ages and abilities to reach their fullest potential so they will make a meaningful contribution as life-long learners to the community and society.
