

Bike to Beat Cancer Event Raises \$460K to Benefit Children with Cancer

A recent fundraising event by **Kosair Children's Hospital** in Louisville raised \$460,000 to benefit **Norton Cancer Institute**, which serves children with cancer.

More than 800 cycling enthusiasts came out to participate in the seventh annual **Bike to Beat Cancer** event that featured 5-, 35-, 65- and 100-mile bike rides through the beautiful bluegrass of Kentucky.

Meijer was pleased to be a sponsor of the worthy event, and handed out bottled water to each participant, as well as coffee and Meijer reusable bags.
