

Meijer built upon its partnership with the **Kenosha Achievement Center** recently with a \$10,000 donation to the **Dream Playground**, the first fully accessible playground in Kenosha.

*"Our support for the Dream Playground is a continuation of an early partnership Meijer formed with the Kenosha Achievement Center in 2013 to recruit, screen and hire persons with disability at the Meijer Pleasant Prairie Distribution Center," **Meijer Milwaukee Market Director Chris Hoffmann** said. "The community's passion for the Dream Playground is inspiring and Meijer is excited to play a role in helping to make this vision a reality for Wisconsin children and families to enjoy."*

The playground's safety surfacing is wheelchair-accessible and includes ramping so that children and adults can engage with elevated components. It also incorporate elements for individuals with visual, hearing, developmental, emotional and social impairments.

The Dream Playground has a permanent Meijer storefront for kids and families to enjoy year-round.
