

Brewers Treat Truck Makes its First Appearance with Surprise Guest

With sure signs spring is officially here to stay, the **Brewers Treat Truck** recently made its first community appearance at the Whitefish Bay Little League at Craig Counsell Park in the Milwaukee area. Joining the old-school ice cream truck on its maiden voyage was Brewers legend, Rollie Fingers.

Throughout spring and summer, the Brewers Treat Truck will bring a variety of ice cream novelties to local neighborhoods, nonprofit organizations, special events and Brewers tailgates, free of charge. Ice cream options will include sundae cups, ice cream bars, ice cream sandwiches and cream pops.

As a sponsor of the Brewers Treat Truck, Meijer is pleased to be a part of the fun, interactive initiative that allows us to support communities where our customers and team members work and live.
