

At Wednesday's Official Pro-Am, our sponsor partners had the opportunity to golf alongside some of the best women golfers in the world and our LPGA professionals got a sneak peak of the course at **Blythefield Country Club**, where they will be competing in the Meijer LPGA Classic for *Simply Give* this week.

Meanwhile, our second day of the Meijer LPGA Junior Clinic presented by Johnson & Johnson was just as fun as our first. **Boulder Creek Golf Club** was teaming with kids, ages 17 and under, ready to perfect their swing. Our instructors made improving their golf game fun for all of our participants by instilling lessons about control and basic technique into games made for younger players. These included chipping brightly colored balls into targets and driving golf balls at giant inflatable dinosaurs.
