

We were thrilled to team up recently with our partner, the Milwaukee Brewers™, to give 20 Greenfield Middle School and Whitnall Middle School students a memorable way to check off all the items on their school supply list – with the help of some very special guests.

Brewers™ players Jonathan Davis, Brad Boxberger and Mike Brosseau, and The Famous Racing Sausages, accompanied the students through the aisles to spend \$125 in Meijer gift cards on everything from backpacks to pencils, and notebooks to binders.

As a family-owned retailer, we believe in taking care of the people in the communities we call home. Providing local kids with a fun, memorable shopping experience ahead of the 2022-23 school year, complete with lunch and a gift bag, was an especially meaningful way for our Greenfield Meijer team to live out our commitment to being good neighbors.

Jennifer Hill, Store Director of our Greenfield store said, “We love being a small part of putting smiles on kids' faces and making the lives of our customers and community a little brighter.”

Thank you to the Brewers™ for helping us kick off the school year for local children and families.
